

ADOPTION PROCESS

FILL OUT APPLICATION

The application gives us information so we can understand what you are looking for in a Lab.

HOME VISIT & EVALUATION

After completing an application, a volunteer from CILRA will conduct a “home visit”. It is important for us to know that the new dog is going to a permanent, loving home where all members of the family want a dog, want this particular breed, and are willing to provide a suitable setting.

APPLICATION MATCHING

When a dog becomes available for adoption, our adoption coordinators will determine if your application is a match with the dog's profile. If so, your application will be passed along to the foster home.

VISIT WITH THE LAB

Once the foster home has determined that you are a potential fit, they will contact you to set up a time for you and your family/current dog(s) to meet. Typically, the prospective adopters will travel to the foster home.

ADOPTION

If the Lab is a good fit for you and/or family, you will get to reap the benefits of a loving, lifelong companion!
